

2024 DISC GOLF COURSE PARKING LOT

PROJECT

PROJECT DESCRIPTION

WICKWIRE, P.C. provided Professional Engineering Services for the construction of a gravel parking lot at the entrance to the Tailings Disc Golf Course in the City of Iron River. The project included drainage and stormwater infrastructure improvements at the River Avenue and Ross Street intersection at the entrance of the parking lot, along with development of the grading plan, and drainage and stormwater infrastructure improvements within the parking lot itself. The project was funded locally by the City of Iron River's Downtown Development Authority and Parks and Recreation Committee. WICKWIRE's services included design plans and specifications, bidding and construction contract award, construction administration, construction observation, and construction staking. This project provided a gravel parking lot for residents and visitors of the City who utilize the popular disc golf course along the Iron River and recreational Stateline Trail for ATVing, snowmobiling and provides access to the Iron River which is a Blue Ribbon Trout Stream.
